The diagram illustrates the assembly of a LEGO Technic component in three steps:

- Step 1:** A small grey Technic piece with a black circular stud on top and a T-shaped protrusion on the side is being placed onto a larger grey Technic beam. The beam has four black circular studs on top and several T-shaped protrusions on the side. A red arrow points from the small piece to the first stud on the beam.
- Step 2:** The small grey piece is now attached to the first stud of the larger beam. The beam is shown from a slightly different angle, highlighting the connection.
- Step 3:** The assembly is shown in a more complex configuration. A red arrow points from a yellow Technic pin (shown in an inset box) to a grey Technic connector. The inset box shows the yellow pin being inserted into the grey connector. The main assembly shows the yellow pin being inserted into the grey connector, which is already attached to the larger beam.

The beam has four black circular studs on top and several T-shaped protrusions on the side. A red arrow points from the small piece to the first stud on the beam.
- Step 2:** The small grey piece is now attached to the first stud of the larger beam. The beam has three more black circular studs on top and several T-shaped protrusions on the side.
- Step 3:** A yellow Technic pin is being inserted into a hole in the side of the assembly. A red arrow points from the pin to the hole. An inset box shows a close-up of the yellow pin being inserted into a grey Technic connector. The main assembly now includes a grey Technic connector and a yellow Technic pin.

Detailed description: This image shows the parts list for step 10 of a LEGO building process. It features a yellow circle with the number '10' in the top left corner. The parts are arranged on a light green background. The parts include: three small dark grey pins (labeled 3X), three white pins (labeled 3X), one white square brick with a black pin on top (labeled 1X), two light grey 1x2 bricks with a black pin on top (labeled 2X), one blue curved piece with two black pins (labeled 1X), one light grey 1x4 brick (labeled 1X), one dark grey 1x10 brick with a notch on one end (labeled 1X), and one light grey 1x6 brick (labeled 1X).
